

## Merchant Services

Welcome to the best programs in the industry. We have two distinctly different programs to meet two separate needs. Both programs can be integrated with an eCommerce shopping cart or used to process phone orders through the virtual terminal. Choose the program that fits best your needs.

O2 - General Ecommerce Account  
O3 - No Monthly Minimums

These general Ecommerce accounts are designed as a solution for Ecommerce customers. The BluePay API has been integrated with many of the shopping carts that are available to you today. Enjoy the benefits of being able to sign up with a complete solution.

## ORDER FAQ

Q) What's the catch?

There is no catch! These fees are the lowest around!

This special deal is designed specifically for the ISP and Web Hosting Industry. We could have easily inflated the setup and transaction fees, but we chose to keep it at cost and pass the savings on to you!

Q) What are the requirements?

- You must be an owner, officer, or director authorized to submit this application.
- You must be over 18 years of age.
- You must have a US business checking account.
- You must have a US Tax ID or SSN.
- You must have a US billing address.

- you must have an ISP or Web Hosting Company to qualify and use this account.

Note: You cannot use this account to sell only hardware or hard goods.

Q) How long does it take before my BluePay account is active?

Complete our online application and it will be sent to BluePay directly.

You will instantly receive a congratulations html page and e-mail confirming your activation which includes integration, administrative, and virtual terminal instructions.

(Please do not click submit more than once if you don't get the congratulations page. Your connection may be slow.).

Our underwriting department will contact you if any additional information is needed for final approval.

You will receive a monthly statement itemizing your daily transactions and fees.
